NOTIFICATIONS.

Fort St. George, January 7, 1913

No. 18.—The following Extract from the Proceedings of the Government of India in the Home department (Public), under date, Calcutta, the 8th December 1909, No. 2831/42, is republished for information :—

Resolution.—The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, in the form appended to this resolution, signed by the head of the district (in a Presidency town the Commissioner of Police) in the case of residents of British India, and by the Political officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District officer (in a Presidency town, the Commissioner of Police) or Political officer, as the case may be.

4. Mr. George Robert Humphreys, Inspector of Police.	This Inspector has an excellent record and in the religious disturbances that occurred in Coimbatore town on January 1911 saved the police station from destruction. Receiving information of the outbreak of the riot he collected 10 or 11 men at once and hurried off to the scene of disturbance leaving the rest of the armed police to follow with the sergeants as soon as they could be assembled. But for his promptitude, courage and presence of mind and the bold front presented by the small number of men he was able to collect, the consequences would have been serious.
5. Tyagaraja Aiyar, Sub-Inspector of Police.	This officer displayed conspicuous gallantry in defending unarmed and at grave personal risk the Joint Magistrate at Tiruppattur when he was attacked by a mob during the religious disturbances which occurred there on the 1st January 1912. The Joint Magistrate was directing the procession when the mob attacked him. The small force of police under his command vanished with the exception of three men, one a Sub-Inspector who was knocked down, and Sub-Inspector Tyagaraja Aiyar and constable (now head constable) Arthanan. The Joint Magistrate and the two Police officers aided by one private person were driven by showers of stones to take refuge in a small opium shop which they defended against a determined attack made by the mob with stones and bamboos until the Reserve arrived, just as the shop was on the point of being rushed. Both the Sub-Inspector and head constable displayed great personal courage and both were wounded
6. Arthanan, head constable	This head constable displayed conspicuous gallantry in defending unarmed and at grave personal risk the Joint Magistrate of Tiruppattur when he was attacked by a mob during the religious disturbances that occurred there on the 1st January 1912, as detailed against the name of Sub-Inspector Tyagaraja Aiyar.

4. Attention is drawn to the following rules :—

(1) No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and, in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination room.

(2) No candidate will be allowed to quit the examination room on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half hour will not be admitted.

(3) No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without finally giving up his answer papers.

(4) Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the room and the circumstance reported to the Commissioner.

(5) *Any candidate suspected of having had recourse to malpractice of any kind in order to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.*

(6) *No candidate will, on any account, be allowed to take into the examination room ink, slates, books, ruled sheets, manuscripts, or papers of any kind.* Any one detected in the violation of this rule, or having recourse to any unfair practices, will be removed from the room and the occurrence reported to the Commissioner. Candidates will, however, be allowed the use of mathematical instruments for drawing figures or ruling lines.

(7) Candidates whose names are not in the printed list furnished to the Superintendent must submit a written declaration through the Superintendent, giving full particulars in regard to themselves *including their address* and furnish such evidence as may be possible of their having applied for admission to the examination at the proper time and paid the prescribed fee. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

(8) A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes his answer papers. Any candidate wishing to ask any question of the Superintendent will pursue the same course, but will on no account leave his place.

(9) Any answer paper sent up without the candidate's name and number affixed will not be valued.

(10) Candidates will not be allowed to take any papers, except their question papers, out of the examination room.

(11) Candidates are forbidden to tear up papers or to throw ink or papers on the floor. All "spoilt scripts, etc.," should be left on the desk where the candidate has been writing.

Commander W. B. Huddleston, R.I.M.
Mr. S. D. Pears.
Mr. C. S. Simpson.
Mr. G. W. Mitchell.

The Hon'ble Khan Bahadur Muhammad Abdul Kuddus Bacha Sahib.
The Hon'ble Rao Bahadur P. Theogaraya Chetti Garu, B.A.
M.S.Ry. Rao Bahadur G. Narayanaswami Chetti Garu.

240. Read, approved and recorded the minutes of the proceedings of the previous meeting held on Friday the 22nd November 1912.

241. Read and recorded G.O. No. 384, Marine, dated 29th November 1912, accepting the resignation tendered by Mr. H. T. Keating of his appointment as a Trustee of the Port of Madras and appointing Mr. S. D. Pears, Superintending Engineer, Public Works Department, in his place.

242. Read and recorded G.O. No. 382, Marine, dated 28th November 1912, accepting the resignation tendered by Sir Hugh S. Fraser, *Kt.*, of his seat as a Trustee of the Port of Madras.

243. Read draft letter by the Chairman to the Chief Secretary to Government, Marine Department, submitting for sanction, under section 87 of the Madras Port Trust Act, a supplemental estimate amounting to Rs. 76,273 providing the funds required to meet expenditure on the works for which sanction of Government was recorded in Port Trust Board's Resolutions Nos. 203 and 204, dated the 25th October 1912, and providing also for certain additions and alterations to the grants sanctioned for other works.

Resolved to adopt the supplemental estimate and the draft letter to Government.

244. Recorded G.O. No. 377, Marine, dated 26th November 1912, sanctioning Rs. 10,000 being the estimated cost for a mixed gauge siding on the Outer quay in the Madras Harbour.

245. Read a draft letter by the Chairman to the Chief Secretary to Government, Marine Department, submitting for sanction a supplemental estimate, as required under section 87 of the Madras Port Trust Act, providing funds for the work sanctioned in G.O. No. 377, Marine, dated 26th November 1912, *viz.*, for additional sidings on the Outer quay, and also for the expenditure from the unspent balance of the loan for Harbour Extension works during the current year sanctioned in G.O. No. 342, Marine, dated 23rd October 1912.

Resolved to adopt the supplemental estimate and the draft letter to Government.

246. Read a note by the Chairman proposing the adoption of certain rules for the working of coal cargoes at the East quay. The proposals are as follows:—

(1) Should two vessels, each with over 1,000 tons of coal for discharge at Madras, desire to berth at the East quay at about the same time, the vessel first entering the harbour will be given priority.

(2) A steamer which shall have been given access to the East quay and then refuses to conform to these rules, for reasons judged by the Chairman to be inadequate, will thereby render herself liable to be refused the quay on her next applying for it.

(3) A coal steamer laid alongside the East quay may claim to be there for a period, calculated in days by dividing her whole manifested tonnage of coal for discharge at Madras by 200 multiplied by the number of hatches from which her coal will be discharged. On the expiry of the period so calculated the steamer must move out to ordinary moorings, or if ready must leave the harbour, should another coal steamer desire access to the quay.

(4) A coal vessel with over 1,000 tons of coal to discharge at Madras will be given priority of use of the East quay before a vessel with less than 1,000 tons. Should the latter be already at the East quay when the former wishes to use it she must quit the quay within 24 hours from the time notice is served on her by the Port Trust.

(5) Agents of steamers with less than 1,000 tons of coal wishing to use the quay will, if possible, be warned of the date it is likely to be needed for an expected boat with over a thousand tons to discharge.

Resolved that the draft rules be adopted, tentatively until the berths at the "Outer quay" are ready for use, and that, if by that time they have been found to work satisfactorily, the Chairman may extend their application to the Outer as well as to the East quay.

247. Read a note by the Chairman submitting for sanction a memorandum by the Trust's Chief Engineer on the condition of the Trust's locomotives, with an estimate amounting to Rs. 24,500 for a new Locomotive Engine

Resolved that the estimate be sanctioned under section 76 and be submitted to Government for sanction to debit to capital under section 75 of the Madras Port Trust Act, and that funds, for expenditure in 1913–14, be provided by a contribution from Revenue to Capital.

248. Read Resolutions Nos. 42 and 68, dated 10th and 24th May 1912, on the subject of the loss of Mr. G. G. Armstrong's services in the Port Trust. Read a note by the Chairman to the effect that Mr. Armstrong's services with the Trust came to an end on November 30th and intimating how satisfactory his work has been during his seven months' service.

Resolved that the Board's appreciation of the services rendered by Mr. G. G. Armstrong be placed on record, and that he be informed thereof through the Agent, M.S.M.R., by whom his services have been lent to the Trust.

249. Read a note by the Chairman, dated 1st September 1912, on "*The Madras Port Trust's responsibility for goods in course of transit through its premises*" in which doubt is expressed as to the legality of some of its procedure under an act passed at a time when the working conditions of the port were very different from those of the present day.

Read a second note by the Chairman, dated 12th November 1912, on "*The proposed amendment of the Madras Port Trust Act No. II of 1905*"—an amendment suggested as necessary in order to meet existing working conditions in the port.

Read also the Chairman's draft of an amended Act, and Government Order No. 348 M., dated the 2nd November 1912, calling for the early submission of proposals for the amendment of the Act in order to remedy the defects pointed out in the Chairman's note read above, dated 1st September 1912.

Resolved to submit the Chairman's draft of an amended Act for consideration by Government.

250. Read against Port Trust Board Resolution No. 615, dated the 22nd March 1912, sanctioning the closing of expenditure on the 60-lakh Harbour Alteration works by means of a Completion Report up to the 31st March 1912 and the preparation of a new estimate for the expenditure remaining to be incurred up to the full Rs. 60 lakhs.

Read also Port Trust Resolution No 75, dated the 7th June 1912, approving and submitting to Government a Completion Report and an Estimate of remaining expenditure to be incurred in 1912–13, as above authorised, the former amounting to Rs. 59,26,599 and the latter to Rs. 79,203.

Read again G.O. No. 342, Marine, dated the 23rd October 1912, sanctioning the substitution of the Completion Report and the Estimate above referred to for the Rs. 60-lakh Estimate sanctioned in G.O. No. 182, Marine, dated the 8th June 1910, and sanctioning the above Estimate of remaining expenditure, Rs 79,203, to be incurred in 1912–13.

Resolved that the orders of Government be recorded

251 Read G.O. No. 1412, Judicial, dated the 17th September 1910, amending Rule 16 in Part III of the Petroleum rules published in Part I of the *Fort St. George Gazette*, dated the 27th July 1909

Read G.O. No 1974, Judicial, dated 28th November 1912, refusing to permit the continuance in future of the arrangement under which for several years past the Conservators of the Port of Madras have allowed vessels carrying petroleum for some other port to enter the enclosed harbour under certain conditions.

Resolved that Government Order No. 1974, Judicial, dated 28th November 1912, be communicated to the Deputy Port Conservator for guidance and to those interested for information.

252. Read a memorandum by the Chairman making proposals for the insurance of the Trust's buildings, valued for the year 1913 at Rs. 14,10,800.

Resolved to accept the Chairman's proposals and that two of the Trustees, Messrs. C. B Simpson and G W. Mitchell, be asked kindly to arrange about the settlement of the new policy.

253. Read a note by the Deputy Port Conservator proposing to grant full pay to a stoker and a bustuna of his establishment while in hospital because of injuries received while on duty.

The Standard Barometer and Thermometers are read at 8 A.M., 10 A.M., 4 P.M., and 8 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the Barometer is twenty-two feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind, rain and general weather registered are for the correct Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 46·69 inches, the average due for the same period being 49·02 inches.

The Standard Barometer and Thermometers are read at 8 A.M., 10 A.M., 4 P.M., and 8 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the Barometer is twenty-two feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is *nil* inches, the average due for the same period being 13 inches.
